Helping to Strengthen Families Through Education and Advocacy

Putting Kids First, the first online and mail out parenting class that meets court ordered divorce requirements. The Putting Kids First Certificates Of Completion are accepted by more courts in more states than any other. Our Online Course and Mail Out Course covers divorce, parenting, Co Parenting information and more. Putting Kids First is the only course that is completed totally online. No bothersome faxing or mailing test sheets. The Putting Kids First Online Course is scored immediately and Certificates Of Completion are mailed the day you complete the course. Our course was written and is updated annually with the help of Licensed Professional Counselors, Licensed Psychologists, Licensed Marriage and Family Therapist, Licensed Social Workers, Mediators, Attorneys, Court Coordinators and Judges.

A divorce is never a first choice or a desired end and it is the children who are caught in the middle. Through our Co Parenting Course, Putting Kids First works to strengthen families by providing adults the skills to maintain a much more effective relationship that will provide a nurturing, non-threatening environment for their children.

It is our mission to help divorcing and divorced parents, through our Co Parenting Courses, learn how to restructure their family and renew their parenting skills to provide a secure, supportive, comfortable and well structured environment to help their children blossom and grow.

We hope this parenting class will be a benefit to all.

Here are a few comments about Putting Kids First.

“I am a practicing attorney who just completed your online course. I found the course information to be very enlightening and helpful. Your course should be taught to family law practitioners as well as their clients. I normally do not give praise to a course, but it is definitely deserved.” - G. Smith, Attorney At Law

“Just a quick note to let you know that I sincerely appreciate being able to take the parenting class online. I didn't have to wake up at the crack of dawn on a Saturday, arrange for childcare, or deal with a long drive. Moreover, I learned a lot and feel reassured that I am handling things well.” - S. DeVeaux, Participant

“Your program is vital to the continued success of parents going through this difficult time.” - L. Morris, Attorney At Law
